Subject: URGENT: Request for Explanation – Undocketed Emergency Motion Concerning Constitutional Violations and Treason**To:** Emergency_Filings@kywd.uscourts.gov, intake-kywECF@kywd.uscourts.gov, Mindy_Sunderland@kywd.uscourts.gov**Attn:** Emergency and Intake Clerks and Clerk Mindy Sunderland,

This is a formal and time-sensitive request for immediate clarification as to **why my Emergency Motion—submitted earlier today and confirmed as received and read—has not been docketed.**

This Motion contains documented evidence of:

- Criminal obstruction of justice,
- Retaliation against a federal complainant,
- Ongoing denial of constitutional protections, and
- Acts that rise to the level of **treason and coordinated civil rights violations.**

I have complied with all procedural requirements. There is no legal basis for this delay or refusal to docket. I am escalating this issue formally.

Please confirm:

1. That my Emergency Motion has been received;
2. Why it has not yet been docketed;
3. When it will be publicly entered into the court record.

Any further delay will be documented and submitted as further evidence against you related to ongoing obstruction of justice and other violations of law in higher federal courts.

Respectfully,

John R. Fouts
